Project: Traffic Control Plans for Beretania Repaving Project, Honolulu, HI

Scott,

Roadway Safety Signs & Devices (RSSD) is appreciative of the work you have done for us on the above project. Much to our surprise, the Mayor of Honolulu all of a sudden put this project on his priority list and it required RSSD, and consequently SJ Construction Consulting, LLC, to jump through hoops at an accelerated pace. We have never worked with an engineer who would step out of lunch at a pizza restaurant to stamp plans on the hood of my truck!

Thanks for making RSSD and this project a priority. You understood our needs and stepped up when we needed it!

We look forward to working with you on the next project.

Sincerely,

Charles Asuncion

Owner
